PMI®/PMP® Exam Preparation Course + Exam

Course code: PMCPMIE

We will prepare you for the PMI PMP certification exam (PMI Project management professional)!• You will get a comprehensive and integrated overview of project management according to the PMI - PM BoK standard• You will prepare for successful PMI PMP or CAPM certification• Interactive live online

What we teach you

In addition to preparing for the exam, you will understand the meaning and principles of the PM BoK standard from PMI, which is a globally extended process standard and often becomes the basis for corporate and organizational methodologies.
Understanding the PMI standard means understanding the essence of project management.
The course is addressed primarily to those interested in PMI certification PMP and CAPM (PMI – Project Management Institute). The course meets the qualification requirements for the PMI-PMP and CAPM exams (35 contact hours).
The course is also intended for all those interested in project management methodology according to PMI PM BoK, one of the world's most recognized project management methodologies.

Teaching materials

Everything is based directly on the PMI PM BoK standard, the printed version of which (A Guide to the Project Management Body of Knowledge (PMBOK® Guide)) can be ordered and received at the course if you are interested – just check the option on the course application .
Note: The above standard will be available in pdf version if you become a member of PMI (the price for PMI membership is 139 USD).
