PRINCE2® Agile Practitioner

Course code: PRINCE2APT

PRINCE2 Agile® Practitioner is a two day accredited training that deepens and, on practical examples, exerts a way to extend the standard PRINCE2® project management methodology to agile management. You will practice how to use the five basic habits of agile management (transparency, collaboration, frequent communication, self-organization, and exploration) while taking advantage of PRINCE2 procedures and products. This allows you to combine the best of both worlds and increase the likelihood of successful completion of the project. The PRINCE2 certification is not required to complete the course.Accredited PRINCE2 Agile® Practitioner training is provided by Agilist s.r.o., accredited by PeopleCert Examination Institute.
