

Certified Scrum Master (CSM)

Course code: SCRUM_CSM

This is an interactive course (workshop) with a lot of exercises being held during the class. The goal of this course is not only covering all the topics but to showing the difference as well as giving you the feeling of Scrum itself. Upon a successful completion of the course, you will be certified as a Scrum Master and gained the basic knowledge and understanding regarding Scrum and the way it can be applied in your organization. Course is accredited by certification from Scrum Alliance. The certification is gained after successful pass of the full training and is included in the course fee. There are two free attempts to finalize online test at Scrum Alliance website for every CSM course participants included in the price. As soon as you pass the test you will gain the Certified Scrum Master certification and two years complementary Scrum Alliance membership. CSM - Certified Scrum Master course is the most popular certification course in Agile and Scrum world. It is backed by Scrum Alliance and trains him always CST - a Certified Scrum Trainer. The Early Bird Price is valid no more than 30 days before the start of the course.
