

PREZI – Advanced techniques – workshop

Course code: PREZI2

At this training you will learn the instruments used for creating stunning interactive presentations you have seen on Youtube or prezi.com, which ultimately motivated you to take an interest in PREZI application. We will be at the edge of training and practical workshop, all topics will be explained using examples. Because the training is quite difficult, we recommend at least minimal experiences with PREZI (at least 3 presentations created on your own).

Who is the course for

For all users who are interested in deepening their knowledges and using the application more efficiently.

Required skills

At least basic knowledges of application.

Teaching materials

Printed handouts.

Course outline

- speeding up creation of presentation
- using of layouts
- presentation settings
- favourite objects
- CSS styles management
- 3D background
- discussion over your own examples and presentations
