

Příprava na certifikaci ECBA podle BABOK®

Course code: BEPECBA

A three-day intensive course with practical examples will prepare you for the Entry Certificate in Business Analysis (ECBA) certification issued by the international organization IIBA.org. The course combines lectures, practical exercises, and preparation for test questions. You will gain a solid foundation in business analysis based on the BABOK® standard and go through the key areas necessary to successfully pass the exam.

Who is the course for

Anyone who wants to start a career in business analysis and obtain the internationally recognized ECBA (Entry Certificate in Business Analysis) certification from IIBA. Ideal for:

- Junior analysts and beginners in the field of business analysis
- Testers, consultants, or project managers looking to broaden their skill set
- Students and graduates of economics or technical disciplines

What we teach you

- You will gain an overview of the new ECBA exam structure (effective from July 2025).
- You will understand the basic BACCM framework and the 9 domains on which the new exam is based.
- You will learn fundamental analytical techniques, key concepts, and core competencies of a business analyst.
- You will practice sample questions and learn strategies for successfully passing the exam.
- You will receive recommendations for further study and useful resources.

Teaching materials

- Summaries of the 9 domains and the BACCM framework
- Sample questions with explained answers
- Recommendations for further preparation
- Certificate of completion stating the number of hours (to meet the IIBA's 21-hour requirement)

New certification exam structure:

- Understanding Business Analysis – 20%
- Mindset for Effective Business Analysis – 14%
- Implementing Business Analysis – 6%
- Change – 10%
- Need – 10%
- Solution – 10%
- Stakeholder – 10%
- Value – 10%
- Context – 10%

Duration: 75 minutes, 50 questions
