

Bezpečnost AI a její zodpovědné využití ve firemním prostředí

Course code: BPZ-AI

The one-day course introduces participants to how to raise employee awareness of risks and the proper use of AI tools, and show safe alternatives. We do not want to ban AI, but to learn how to use it in a way that does not threaten data confidentiality, GDPR, or the company's reputation.

Assumed entry knowledge

Knowledge within the scope of the courses listed in the **Previous courses** and **Related courses**

sections

Course outline

- Introduction to AI - how it works and what to expect from it
- Risks and regulatory frameworks
- Comparison of AI tools from a security perspective
- Safe use of AI in practice
- Effective use and procedures
