

AWS Cloud for Finance Professionals

Course code: AWSCFFP

Gain the foundational knowledge that you need to manage, optimize and plan your cloud spend, and influence your organization's builders to be more accountable and cost-conscious from an expert AWS instructor. In this 2-day, classroom training course you will learn to innovate within your finance organization.

Who is the course for

Enterprise finance stakeholders who want to learn how to:

- Maximize cloud business value
- Use CFM best practices
- Help finance teams innovate with AWS

What we teach you

- Define cloud business value
- Estimate costs associated with current and future cloud workloads
- Use tools to report, monitor, allocate, optimize, and plan AWS spend
- Optimize cloud spending and usage through pricing models
- And much more

Required skills

We recommend that attendees of this course have taken AWS Cloud Practitioner Essentials and AWS Cloud Essentials for Business Leaders.

Teaching methods

Professional explanation with practical samples and examples.

Teaching materials

AWS guide book for this course.
