

SAP Analytics Cloud: Story Design

Course code: SACS21

Please note that with the speed of updates to SAP Analytics Cloud, we endeavor to update this course quarterly. The course material will be delivered in English. Course based on software release: SAP Analytics Cloud 2023.8 (QRC).

Who is the course for

- Business Users
- Power Users
- Business Analysts
- Application Consultants

What we teach you

This course deeply delves into SAP Analytics Cloud (SAC) story development. Topics include story pages, charts, tables, formatting, filtering, calculations, sorting, data blending, geo maps, publishing, designing, templates, landing pages, and story preferences.

Required skills

Essential

- SACE11

Teaching methods

Professional explanation with practical samples and examples.

Teaching materials

SAP guide book for this course.

What you need to know

The SAC curriculum was restructured, and new training courses were created to align with the product's evolution. This course contains parts of the content from the former SAC01 and SACMS1 training courses.
