

# Introduction to SAP Business Technology Platform (BTP) Administration

Course code: ADMCLD

This course provides participants with an overview of administrative tasks in the SAP Business Technology Platform (BTP). It covers the concepts of the intelligent, sustainable enterprise followed by the architecture of the SAP BTP. The architecture of global accounts, subaccounts, services, runtime environments is shown like Cloud Foundry, Kyma (Kubernetes), and ABAP. The tools SAP BTP Cockpit, SAP Discovery Center, and the command line interface (CLI) are used in exercises. Participants will learn how to create destinations, connect Cloud Connectors, create and assign role collections with pre-defined roles, understand SAP HANA Cloud and third-party databases. The application lifecycle management (ALM) compares the features of SAP Solution Manager, SAP Focused Run, and SAP Cloud ALM including monitoring in SAP BTP Cockpit. In addition, the SAP Cloud Transport Management Service (cTMS) is introduced. Course based on software release: SAP S/4HANA 2021, ABAP Platform 2021, AS ABAP 7.56, SAP Business Technology Platform.

## Who is the course for

- Database Administrator
- Enterprise Architect
- System Administrator
- System Architect
- Technology Consultant

## What we teach you

This course will prepare you to:

- Understand the concepts of SAP BTP
- Understand the tasks of an SAP BTP administrator
- Administrate accounts, services, and users in SAP BTP
- Manage connections, databases, and monitoring in SAP BTP

## Required skills

### Essential

- Knowledge of Information Technology

### Recommended

- BTP100 - Business Technology Platform Foundation

## Course outline

- SAP Strategy
- RISE with SAP and Intelligent, Sustainable Enterprise
- SAP BTP Use Cases
- Architectures
- Account Model and Services
- ABAP, Cloud Foundry, and Kyma Runtime Environments
- Cloud Development Concept
- Configuration
- Discovery Center and Boosters
- Command Line Interface
- Connectivity
- Destinations
- Cloud Connector
- User Management
- Account User Management
- SAP Cloud Identity Services
