

PRINCE2® 7 Practitioner

Course code: PRINCE2P7

This 2-day course deepens, links and practices PRINCE2 project management methodology in line with the latest version of the PRINCE2 Project Management Manual from 2023. At the same time, this course illustrates how PRINCE2 methodology can be tailored to the needs of the project. Exam voucher is included.

Who is the course for

The course is designed for those who manage projects or participate in project management. It is also intended for members of project teams, project office members, quality staff, resource managers, management staff, and potential project sponsors.

Required skills

- Terminology by PRINCE2 edition 2023
- 7 principles applied to project management
- 7 themes needed for successful realization of the project
- 7 processes ensuring the complete life cycle of the project

Required entry knowledge

PRINCE2® 7 Foundation, including successfully passed Foundation exam.

Teaching materials

Each course participant receives a complete presentation used during the course in the English language. He/she also receives glossary and other additional materials. All participants of the certification exam course will receive examples of test questions, including explanations of the correct answers.
