TechEd 2026 HYBRID

Course code: GMTEC26

The 24th edition of the TechEd conference will take place on May 19–21, 2026. The program is currently being prepared for you. You can look forward to talks by leading Czech and international experts in the field of information technology, who will present current trends, innovations, and practical experience from the industry.The conference is primarily intended for developers, IT professionals, database specialists, software architects, and anyone who wants to keep up with modern application development, cloud technologies, automation, security, data platforms, and the practical use of AI.The event will be held in a hybrid format – over three days, you can attend in person in Prague or follow the program online via live streaming.A traditional TechEd party will also be prepared for on-site participants. The capacity for the party is limited.
