# DevOps Product Owner + exam

Course code: DEVOPSPOT

The accredited course DASA DevOps Product Owner extends traditional Agile Product Owner programs and deals with the extended set of requirements that the Product Owner faces when teams start to take on both Dev and Ops responsibilities. The program covers the traditional Agile and Scrum concepts and capabilities but in context of DevOps. As a result, this program is ideal for new and aspiring Product Owners and exciting for experienced Product Owners who are keen to understand how their role is evolving as a result of DevOps.
