Course terms

|--|

The prices are without VAT.

Who is the course for

IT architects

Systems engineers

IT operations

Required skills

Basic virtualization knowledge

Basic system administration skills

Course outline

- Video 1. Introduction to Virtualization and Infrastructure Migration
- Video 2. Introduction to Virtualization
- Video 3. Essentials of Infrastructure Migration
- Video 4. The Role of Cloud Management Platform in Infrastructure Migration (Demonstration)
- Video 5. Red Hat Virtualization and vSphere (Demonstration)
- Video 6. Cloud Management Platform Setup with CloudForms (Demonstration)
- Video 7. Open Virtualization with Red Hat Virtualization (Demonstration)
- Video 8. Infrastructure Migration Architecture and Usage
- Video 9. Infrastructure Migration (Demonstration)
- Video 10. IT Optimization Recap and Beyond
