

DevOps Introduction

Course code: DEVOPSI

DevOps means to interconnect worlds of development and operation. By removing the barriers between those two worlds we can speed-up implementation of new functionalities in information systems, lowering risks and improve a quality. Through that the IT organization delivers higher added value to the business and stopping to be "just" cost. In this course we will show you what it means and how to start. How to integrate, what prerequisites should be fulfilled and what environment should be prepared. Individuals will learn what it means for them. How they should prepare for tomorrow's tasks. The course is delivered in Czech or English language.

Affiliate	Duration	Course price	ITB
Praha	1	7 900 Kč	0
Brno	1	7 900 Kč	0
Bratislava	1	275 €	0
