

Business Processes in Management Accounting in SAP S/4HANA

Course code: S4F20

Participants of this course will gain an overview of the fundamental business processes and tasks of Management Accounting with the SAP S/4HANA application. You will learn how SAP S/4HANA covers the Management Accounting related business requirements and how the fundamental business processes and tasks are executed in the system. Organizational Units, Master Data Management, Logistics Integration, Planning, Analytics, Daily Postings and Period End Closing are all discussed in this course. Especially if you are new to Management Accounting in SAP S/4HANA, this course is the right starting point for you. If you plan to take the academy and certification for Management Accounting, this course will help you to better digest the certification courses. For the actual certification, it is recommended, but not mandatory. Course based on software release: SAP S/4HANA 2021 SPS0.
