

PRINCE2 Portfolio Management Practitioner

Course code: PRINCE2PFLP

PRINCE2 Portfolio Management Practitioner is the advanced course focused on the practical application of the MoP framework in a real organisational environment. Participants learn to analyse portfolio data, tailor governance structures, manage benefits realisation, and effectively engage stakeholders at portfolio level. The course is designed for experienced portfolio managers, members of governing bodies, and senior leaders who want to demonstrate the ability to strategically manage and optimise a portfolio of change initiatives. The combination of Foundation and Practitioner certificates qualifies candidates for the PRINCE2 Portfolio Manager designation.

Target Audience

- Holders of the PRINCE2 Portfolio Management Foundation (MoP Foundation) certificate who want to deepen their knowledge and learn to apply the portfolio management framework in practice.
- Portfolio managers, SROs, and Directors of Change who need to demonstrate the ability to manage and optimise a portfolio of projects and programmes in a real organisational environment.
- Members of governance and management boards responsible for investment decision-making, resource allocation, and ensuring the strategic alignment of the portfolio.
- Business analysts, business case writers, and project appraisers who want to deepen their understanding of portfolio-level decision-making.
- Managers seeking the PRINCE2 Portfolio Manager designation as part of their career development in strategic change management.

What You Will Learn

- Applying MoP in Practice: Learn how to apply and tailor the principles and practices of MoP to specific portfolio situations in a real organisational context.
- Advanced Benefits Management: Understand how to design and manage a robust system for identifying, planning, tracking, and realising benefits at portfolio level.
- Advanced Portfolio Governance: Learn how to design and implement effective governance structures, establish sound decision-making mechanisms, and ensure transparency across the portfolio.
- Strategic Resource and Financial Management: Master techniques for advanced resource allocation, investment optimisation, and financial management of the portfolio in line with the organisation's strategic priorities.
- Portfolio-Level Stakeholder Engagement: Learn how to identify and manage diverse stakeholder groups at portfolio level and establish effective communication and reporting mechanisms.
- Portfolio Data Analysis: Understand how to analyse portfolio data, documentation, and roles in the context of real-world scenarios and how to make sound investment decisions based on that analysis.

Course Content

- Advanced Application of the Portfolio Definition Cycle: In-depth exploration of the Understanding, Categorising, Prioritising, Balancing, and Planning phases, focusing on real-world scenarios and decision-making situations.
- Advanced Application of the Portfolio Delivery Cycle: Management control, benefits management, financial management, stakeholder engagement, risk management, and resource management in the context of a live portfolio.

PRINCE2 Portfolio Management Practitioner

- Tailoring the MoP Framework: How to adapt MoP principles and practices to the specific context of the organisation, the type of portfolio, and the environment in which it operates.
- Portfolio Performance Management: Techniques for measuring and evaluating portfolio performance through KPIs, dashboards, and regular reporting to senior leadership.
- Portfolio Office in Practice: How to establish and run an effective portfolio office as a centre of excellence to support portfolio management across the organisation.
- Case Studies and Scenarios: Practising the application of the framework on real-world portfolio situations as preparation for the open-book Practitioner exam.

Practical Information

- Course duration: 1 day.
- Prerequisites: A valid PRINCE2 Portfolio Management Foundation (MoP Foundation) certificate.
- Exam: Open-book (official Management of Portfolios guide only), online via PeopleCert, 180 minutes, passing score 50%.
- Language of instruction: English. Official study materials are in English.
- Certificate: PeopleCert PRINCE2 Portfolio Management Practitioner (MoP Practitioner), internationally recognised, renewal every 3 years (60 CPD points).
- Accreditation: Course is backed by an Accredited Training Organisation (ATO) Agilist s.r.o. certified by PeopleCert.

Further Certifications

- The combination of PRINCE2 Portfolio Management Foundation and Practitioner certificates qualifies candidates for the PRINCE2 Portfolio Manager designation.
- The PRINCE2 Portfolio Manager designation is part of the broader PRINCE2 qualification scheme, which culminates in the prestigious PRINCE2 Master designation.
- For comprehensive coverage of project, programme, and portfolio management, this can be complemented with PRINCE2 Project Management and PRINCE2 Programme Management certifications.
